THE WHITE PLAINS STORY

**Consignments From White Plains Have Been
Every Show and Sale In Which They Have
That Have Enabled Them To Do This Job With**

A number of years ago, Carl and Mary Bevis traveled to South Carolina and fell in love with one of the old ante-bellum plantations. Here, at White Plains, they have brought 2,000 acres of gently rolling land into one of the most highly productive grass farms in the nation. It is one of the most interesting projects I have observed in many years of field work.

Those who know Carl, are not surprised that once he made up his mind to go into the registered Shorthorn business, he became one of the most aggressive buyers in the country. Soundly grounded by a lifetime of experience in the business of agricultural minerals and feeds, plus a long association in owning commercial cattle in various sections he began putting together one of the strong herds of the breed. In a relatively short period of time, he had assembled not only a large herd, but one strong in quality and background.

By 1957, White Plains was ready to make its first sale consignment. Taking nine females to the Southeastern at Camilla, they averaged a healthy \$522, or \$160 a head higher than the general sale average. This, their first consignment, contained both champion females. Since that time, four other consignments have been made, each time with the same impressive results.

White Plains was extremely fortunate in that the first two bulls selected to head the herd, both proved to be outstanding sires. Calrossie King Pin, a 1955 Perth second prize winner, was purchased for \$3,000 in the 1955 Mathers sale. He is a great headed, rugged, powerful son of Lawton Hiawatha, out of a Kirkton Baronet dam. He is one of those rare bulls . . . the kind that sires a top calf out of every cow. Lo Mar Royalist, son of the International grand champion Kelburn Banker Royal, has made a great companion for King Pin in the herd bull battery . . . a bull of remarkable fleshing and gaining ability that has transmitted these qualities to every calf.

White Plains have been the leading buyers at many of the top Shorthorn and Polled Shorthorn sales in the past five years. Their willingness to buy, explains how they have been able to build a large herd, while still carrying on one of the most ruthless culling programs in the business. A mediocre producing cow simply is not allowed to remain in the White Plains herd.

The program at White Plains is geared for the production of both top Shorthorns and Polled Shorthorns, both through the blood of their powerful horned sires, or through Polled sons of these sires. Polled breeders will find Polled cattle of exceptional quality possessing the Scotch strength of character and background that only

a bull like Calrossie King Pin can transmit. Shorthorn breeders will find as strong pedigrees and quality as are available anywhere.

Carl and Mary have not lost any of their enthusiasm for the breed. As a matter of fact, the reason this herd is being sold is because they have become so interested in their cattle, they know they cannot be permanently satisfied with their herd 600 miles from their Philadelphia home. They plan to establish this herd again, near Philadelphia, where they can live on the farm. However, in fairness to the public, every animal in the herd will be included in the dispersion.

This would not be complete without mention of E. A. Bradshaw, capable manager of White Plains, whose hard work with the cattle and devotion to the breed is known to all. You can be sure that records and the herd's health will be in perfect order.

Heifer calves by Calrossie King Pin. These were all originally scheduled for herd replacement, but will now be sold in this complete dispersion. Note the uniformity of Calrossie King Pin blood.

GENERAL SALE INFORMATION

Time—The sale will start promptly at 10 a.m. E.S.T., Saturday, April 11, 1959. The sale will continue uninterrupted until the last animal is sold, but a lunch counter will be open from 9 a.m. on.

The cattle will be sold quickly and without comment. It is our intention to have the sale completed by at least 4 p.m. Clerking will be set up so settlements can be made at any time without delay.

Location—White Plains Farm, Mountville, S. C. (near Clinton). Route 560, four miles north of Cross Hill. Signs will be erected directing you to the farm.

Sale Headquarters—Mary Musgrove Hotel, Clinton. There are many good motels, also. We highly recommend Roddy's Motel highway 72 at the outskirts of Clinton. You may make your reservations or we will be glad to make them for you. Contact E. A. Bradshaw, White Plains Farm, Mountville, S. C.

Auctioneers—C. D. Swaffar, Tulsa, Okla.; Don Smock, Indianapolis, Indiana; Ray Brockinton, Haddock, Ga.

Terms—The terms of this sale are cash. Your check should be given to the clerk immediately following the sale. All stock will be at buyers risk as soon as bid off, but we will assist in loading on trucks.

Liability—While every effort will be made to protect the safety and comfort of those attending, all who attend this cattle sale do so at their own risk. The owner, sale manager, clerks, auctioneers cannot be responsible for accidents that may occur. The sale manager was retained for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors in records or health papers. Where footnotes appear in the catalog they were furnished by owner or from information furnished by owner.

Registry—Registration certificates, properly transferred to the new owners, will be supplied for each animal sold. Breeding certificates will be supplied for all calves in dam.

Guarantee—Since this is a complete dispersion, the cattle will be sold without guarantee, as is the custom in dispersals.

Health—The White Plains herd is Accredited for T.B. and Bangs. T.B. Certificate 581056. Bangs Certificate 1342. A representative of the South Carolina State Veterinarian Office will be in attendance to give health charts to all out of state buyers. Calfhood vaccination for Bangs has been practiced in the herd. The cattle will also be given shipping fever and blackleg shots before the sale.

The productive ability of this herd is indicated clearly by the large number of calves at foot . . . the best kind of guarantee of performance. Breeding dates will be supplied on a separate sheet on sale day.

Farm Phone—Cross Hill, S. C. Hilltop 12683.

Farm Manager—E. A. Bradshaw. Phone, Cross Hill 12466.

Sale Manager—Don Longley, 16 So. Locust St., Aurora, Illinois.

SALE STARTS PROMPTLY AT 10:00 A.M.

Getting Your Cattle Home

Good truckers are available. C. L. Johnson, Honea Path, S. C., will be on hand.
His trucks cost the following:

18 and 22 foot trucks—40 cents per loaded mile.

Trailer trucks—50 cents per loaded mile, with a stopover charge of \$10 per
stop, unless the load is all going to the same place.

Buyers may leave their purchases at the farm for a reasonable period of time, long
enough to make arrangements for trucking from their home, if they wish. Also, long
enough to make connections with any cattle purchased in the Avenel dispersion the
following Monday.

We Will Be Glad To Meet You

Best air line connections are to Greenville, a little less than an hour's drive from
White Plains. If you wish to be met at Greenville, please advise E. A. Bradshaw. Try
to let us know sufficiently in advance, so we can make our plans. Also, try not to
arrive as late as Saturday morning because the sale will start at 10 a.m. We can
make arrangements to meet you in Greenville at 8 a.m. Saturday, however, if neces-
sity calls. We will be glad to take you back to Greenville after the sale.

Shorthorn bulls came off with the big share of top grading honors at the 1958 Ocala All-Breed Bull sale. Of the 110 bulls sold, nine graded A minus and five of these nine were Shorthorns. White Plains, with just a three bull consignment had two bulls reach the "magic A minus circle" and their third bull graded B plus.

Six sons of Calrossie King Pin to be sold in this dispersion.

The Shorthorn business has been a tremendous source of interest and satisfaction to Mary and myself, and our increasing desire to be with the cattle, watch their development, are the reasons this dispersion is being held. We know we cannot be satisfied permanently to have a herd located so far from our home and place of business, Philadelphia. We intend to go back into the business nearer home. However, for many reasons, not the least of which is public acceptance of this as a complete dispersion, we feel it is the right move to sell every single animal in the White Plains herd.

This dispersion is coming at a time when we are just beginning to make real headway. The herd has always been carefully culled, our two principal herd bulls are clicking, we have younger bulls by each that promise to make top junior sires. Moreover, a good yardstick of our progress can be measured from the results of the first five consignments to sales made from White Plains. The story of these is covered elsewhere in the catalog.

We believe most breeders have as their initial goal the production of cattle that can be tops in their state and regional events. This we have proved clearly . . . and the tools that have done the job for us can do it for you.

It is our opinion that one thing the Shorthorn breed needs is more volume. The dispersion of this large herd will help many get started and will help others add the right kind to build their production to farm capacity.

I would like to take this opportunity to call attention to the highly capable way our cattle are being handled by our farm manager E. A. Bradshaw. "Brad" feels the same intense interest toward them as we do. Our thanks, too, go to Marlin Englehart, who has been helping with the big job of getting things ready for this sale.

I am sorry the first White Plains sale must be a dispersion. It will, however, give us the opportunity to welcome you to our farm. We hope you will arrange to arrive the day before, so we will have a chance to visit with you and have a leisurely look at the herd. In the case of out-of-state breeders, it will be necessary for you to arrive the day before, because the sale will start promptly at ten a.m.

We're looking forward to seeing you at White Plains.

Mountville, S. C.

Monday, April 13

. . . (9:30 a.m.) The Avenel Dispersion, Bethesda,
Maryland. 220 head.

It will be an easy matter for buyers to attend both of these important sales on one trip. If you travel by plane, there are four flights a day from Greenville, S. C. to Washington, D. C., at convenient hours. You can even be in Washington the evening of our sale. (Approximately a two hour flight). There are good rail connections, also. If you are traveling by automobile, you can go almost half way after our sale, drive the rest of the way on Sunday, arriving at Avenel Sunday afternoon.

With 430 head selling in the two sales, this will be the best opportunity in the history of the Shorthorn business to strengthen your herd. Don't miss these sales!

You can leave your White Plains purchases at the farm for a reasonable period of time, if you prefer to make your own trucking arrangements from your home.

By contacting Don Longley, Sale Manager, 16 So. Locust St., Aurora, Illinois, arrangements will be made to have your hotel or motel accommodations taken care of here and at Avenel.

Most of the members of our selling force will also be attending the Avenel sale.

CALROSSIE KING PIN—A bull that needs no introduction to Shorthorn breeders. He has achieved amazing recognition as a sire for a bull that still can be classified as young. He placed second in a strong class at Perth, 1955. We purchased him for \$3,000 in the 1955 Mathers sale. Bred in the famous Calrossie herd in Scotland, his dam is a direct daughter of Kirkton Baronet. His dam is a full sister to Calrossie Good News, perhaps the greatest breeding son of Calrossie Good News. His sire was used successfully at Calrossie then sold to Australia for a long price. Lawton Nelson was reserve champion at Perth and later Supreme champion at Palermo in the Argentine. We call your attention to the amazing uniformity of both his bull and heifer calves. There's no doubt about it . . . we made a "ten-strike" when we acquired Calrossie King Pin . . . some other top herd can do the same.

LOMAR ROYALIST—Here is another instance where White Plains "lucked" a great sire. This bull is equal to any we have ever seen for fleshing ability . . . and he passes it on to every calf. His recovery to normal flesh after a heavy pasture breeding season was almost phenomenal. His breeding ability is well established by his offspring in this sale. We believe he is the greatest son of the International grand champion, Kelburn Banker Royal. His dam was the best producing cow in the LoMar herd. We bought her in the LoMar Dispersion and had the misfortune to lose her. We also bought his full sister in that dispersion and she is probably the best cow in the herd today. Taking all these things into consideration, we are sure you will agree this bull is no accident. He's just five and has a long career ahead of him.

When Is Blood "Worth Owning"?

If a bloodline is not PREPOTENT, then you are doing nothing more than multiplying cattle. It takes powerful, prepotent blood to work improvement. Study all the calves by Calrossie King Pin and Lo Mar Royalist . . . bulls and heifers. Note they are out of females of varied breeding. Then . . . observe . . . the striking similarity of the get of each bull. This is the kind of blood with that unusual kind of potence necessary to do something for you.

LOMAR CLIPPER 4th—A wonderful brood matron with two very good daughters, a granddaughter and a young bull in the sale. Bred to LoMar Royalist on November 14.

READ WHAT THE SHORTHORN WORLD SAID ABOUT OUR LO MAR PURCHASES . . .

This herd was pleasing. One could easily see that it had been built by years of constructive effort on the part of Alf Miller, one of the most popular and best of cattlemen. Eighteen daughters of the International grand champion, Kelburn Banker Royal, were sold. They were a breedy looking group. The biggest buyer of the sale was Carl Bevis, White Plains Farm, Mountville, South Carolina, who went home with 17 of the top female lots. Arriving well in advance of the sale, Bevis had the herd well tabulated as to breeding families. He had a particular reason in attending, having had excellent success from the use of a son of Kelburn Banker Royal, Lo Mar Royalist. Among his purchases were the mother of his bull, Lo Mar Rosewood 37th by Kelburn Banker Royal, at \$580, and Lo Mar Rosewood 44th, full sister of Lo Mar Royalist, at \$600. Both were beautiful breed specimens with great heads and wide muzzles. At \$560 Bevis bought Lo Mar Rosewood 36th by Kelburn Banker Royal, with an excellent bull calf at foot by M F Freebooter. Another top Kelburn Banker Royal cow, Lo Mar Clipper 11th, went to White Plains for \$565, with a fine M F Endeavor heifer calf. Also from this same Haylands Clipper family Bevis purchased Lo Mar Clipper 23rd by Cromleybank Ben Lomond, with a heifer calf at foot, for \$400.

The Lo Mar Dispersion was just one of a number of sales in which White Plains was the principal buyer. We were attracted to this sale because of the success we were having with Lo Mar Royalist. Naturally we were pleased to see that his dam and full sister were the best cows in that herd.

Today, the White Plains herd contains the greatest concentration of the blood of the great \$9,100 International grand champion Kelburn Banker Royal. Lots 30 through 47 . . . 18 lots come from our Lo Mar purchases. There are seven daughters of Kelburn Banker Royal, six daughters of Cromleybank Ben Lomond.

Five daughters of the International Grand Champion Kelburn Banker Royal. The three females on the right sell in this dispersion. A total of seven daughters of Kelburn Banker Royal sell.

A PRODUCTIVE HERD

Nearly every cow in the herd sells with a calf at foot. This is the best indication of the health and productivity of the White Plains herd . . . your best guarantee of performance and value. No cow has been allowed to remain in this herd unless she was a regular producer.

There will be 65 calves at foot. This sale is being held right at grass time. Buy cows with calves . . . turn them out on your pastures . . . clip dividends THIS FALL. No long wait for returns here.

THE SALE FOR BUSY PEOPLE

Some people have advised us against our early starting hour of 10:00 a.m. They tell us sale crowds are not used to gathering this early. However, we believe most busy breeders prefer to do the job in one day, rather than two. By starting at 10:00 a.m. we can finish this sale in one day . . . and at a normal finishing hour of approximately 4 p.m. Here . . . in one day . . . you will have the size offering that insures buying success.

QUALITY . . . To Suit The Most Critical. QUANTITY . . . To Make It Worthwhile.

The one thing the Shorthorn breed needs is for its breeders to increase production volume to the full farm capacity. You can't make money on grass and roughage that is not being used. You need to attend sales where there is the greatest opportunity to buy. With over 200 head selling in this dispersion, you can attend with full assurance that you will go home with the cattle you need.
